

Year 2 - Green Fingers poetry

Lemons

We tasted lemons and then wrote a short poem describing them. We used our senses to describe the smell, taste, feel and look of the lemons.

Here are some of Class Canada's Lemon poems.

People's Park Sound Poem

We came up with ideas of sounds that might be heard in a Green Place. Mr Winston then conducted us to make fantastic sound poems.

An Ode to.....

We wrote whole class poems in the style of Pablo Neruda. We wrote 'odes' and compared different items to nature.

3D Plant Poems

In our tree groups we created 3D poems all about plants. We made 'green fingers' for the plants and leaves. We wrote words and phrases on the pots, leaves and stems to show how much we know about them
