

PE & Sports Premium

2019-2020

Primary Sports Funding at Beech Hill School 2019-2020

What is Primary Sports Funding?

The Government invest £320m per year directly into primary schools with the objective of achieving self-sustaining improvement in the quality of PE and sport.

There is a long-term vision that all pupils leave primary school physically literate and with the knowledge, skills and motivation necessary to equip them for a healthy lifestyle and lifelong participation in physical activity and sport.

This funding is ring-fenced and therefore can only be spent on provision of PE and sport in schools.

Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport they offer. This means that you should use the Primary PE and Sport Premium to:

- develop or add to the PE and sport activities that your school already offers
- build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years

Key performance indicators for schools are:

- the engagement of all pupils in regular physical activity – the Chief Medical Officer guidelines recommend that all children and young people aged five to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school
- the profile of PE and sport is raised across the school as a tool for whole-school improvement
- increased confidence, knowledge and skills of all staff in teaching PE and sport
- broader experience of a range of sports and activities offered to all pupils
- increased participation in competitive sport

Key achievements to date:	Areas for further improvement and baseline evidence of need:
<ul style="list-style-type: none"> • A new PE scheme has been introduced – Real PE – and all staff have had CPD training. • A progression of skills document has been created by the PE department to ensure skills are progressed from EYFS to Year 6. • We are working closely with our partner school – Deanfield – to increase the number of competitive sporting opportunities for all children. • After school clubs are well attended and the range of clubs available is expanding. • An enthusiastic and skilled teaching team to drive forward improvements. • EYFS – an enthusiastic new leader who has a passion for physical development (see data) • A new focus around mental health and wellbeing activities in the PE curriculum to ensure children understand how to look after their mental health (understand the importance of exercise and nutrition) • Leaders are clear about the direction of improvements. 	<ul style="list-style-type: none"> • Introduce a new assessment tool for AFL to be effective. • Monitor the use of Real PE and support teachers throughout the school • Monitor the impact of the swimming intervention on children’s confidence in water. • Continue to provide all children with a wide range of high-quality physical activities both in and out of school including at lunch and break times. • To further strengthen the links between physical activity and mental health and well-being through cross-curricular planning. • To continue to develop links with local schools to increase the opportunities children have to compete in competitive sport.

Meeting national curriculum requirements for swimming and water safety in the academic year 2019-2020	Please complete all of the below*:
What percentage of your current Year 6 cohort swim competently, confidently and proficiently over a distance of at least 25 metres?	%
What percentage of your current Year 6 cohort use a range of strokes effectively [for example, front crawl, backstroke and breaststroke]?	%
What percentage of your current Year 6 cohort perform safe self-rescue in different water-based situations?	%
Schools can choose to use the Primary PE and Sport Premium to provide additional provision for swimming but this must be for activity over and above the national curriculum requirements. Have you used it in this way?	Yes/No
