Tuesday 17th March 2020

Parents/Carers,

Due to a new update, we will be now be able to use Seesaw for home learning and homework tasks. Your child will be bringing a new QR code home, which is unique to them. Please sign in with your Home Learning code following the steps below:

1. Go to <https://web.seesaw.me> on a computer. Or install the **Seesaw Class** iOS or Android app on any device.
2. Tap "I'm a Student".
3. Scan or type in your Home Learning code.
4. Post to your journal, respond to activities, and view class announcements.
5. Remember, this code is like a password. Keep it safe!

The children will be familiar with how to use this format as this is the one that we use in class on a daily basis. It means that children can access their learning on Seesaw at home just as they do in class.

This app is **not** intended to replace the parent app. You will still receive notifications and messages through the parent app as usual and you can have both apps on the same device if you need to.

If you have any issues setting up the Seesaw Class app or any questions, please let your child's class teacher know and they will be able to help you.

Yours faithfully

Shameem Hussain

Headteacher
