Dear Parent/Carer,

**Re COVID-19**

Last week, I had the pleasure of visiting Beech Hill School and meeting with some of you to talk about the measures in place at school to protect staff and pupils.

The current situation is worrying for all of us, and with COVID-19 rates high across Calderdale and across the country, it is inevitable that we will see cases in our schools over the coming weeks and months.

I would like to reassure you, though, that the measures I saw at Beech Hill were in line with national guidance and will work to keep staff and pupils as safe as possible. It is important that families follow these measures in the playground at pick-up and drop-off time too: staying 2 metres away from others at all times.

If you or your child are worried about COVID-19, please get in touch with the school nursing team on 0303 330 9974.

Kind regards,

Naomi Marquis  
Health Improvement Specialist
